

# Community services

**ST VINCENT'S  
PRIVATE HOSPITAL**  
NORTHSIDE

A FACILITY OF ST VINCENT'S HEALTH AUSTRALIA

# Contact us

Our Community Liaison Managers are available to help arrange community support.

Please contact our Community Liaison Team on phone 07 **3326 3067** or via email [community.liaison@svha.org.au](mailto:community.liaison@svha.org.au)

## In any emergency dial 000

### When to dial 000?

- Is someone seriously injured or in need of urgent medical help?
- Is your life or property being threatened?
- Have you just witnessed a serious accident or crime?

**If you answered YES – dial 000.**

*Calls to 000 are free.*

### When you dial 000...

- Do you want Police, Fire or Ambulance?
- Stay calm, don't shout, speak slowly and clearly.
- Tell us exactly where to come. Give an address or location.

**Stay focused, stay relevant, stay on the line.**

# My Aged Care

**My Aged Care is the first step to accessing community services.**

Phone the contact centre: **1800 200 422** (8am–8pm Mon to Fri; 10am–2pm Sat)  
or visit: [www.myagedcare.gov.au](http://www.myagedcare.gov.au)

## What help can I get?

For most people, growing older means there are times you find it difficult to manage day-to-day living activities. You may need help, or you may be caring for a family member or a friend who needs help, but you just don't know where to start or what help you can get.

There are different types of aged care services to support you, whatever your needs. When you call **My Aged Care**, the contact centre staff will ask you questions to help them understand your needs.

There are many different services that may support you to stay in your own home for longer, including:

- help with housework
- help with personal care such as bathing and dressing
- help with meals and food preparation
- help staying physically active
- social support and activities
- help with transport
- nursing care such as wound care or medication management
- allied health support such as physiotherapy, podiatry or a dietician
- maintenance and modifications to your home
- goods and equipment to help you
- people you can talk with through counselling services.

## How can I get help?

1. Call the contact centre on **1800 200 422**. The contact centre staff will ask you a range of questions over the phone to form a picture of your needs and care arrangements.
2. The contact centre staff may arrange a face-to-face assessment of your needs to be conducted in your own home by a trained assessor.
3. Contact centre staff or your assessor may then refer you for aged care services. You can let them know if you have any preferences for particular service providers. Contact centre staff may also give you aged care information and details on non-Commonwealth funded services.
4. The Australian Government subsidises a range of aged care services in Australia. If your personal circumstances allow, it is expected that you will contribute to the costs of your care if you can afford to do so.
5. The information in this booklet is a basic outline of some of the service providers in the Brisbane North and surrounding areas.

For more information regarding referrals, eligibility, costs, range of services and providers in your local area, please contact:

*If you are **over** 65 years:* **My Aged Care**  
Ph: **1800 200 422**  
or visit: [www.myagedcare.gov.au](http://www.myagedcare.gov.au)

*If you are **under** 65 years:* **Community Care Access Point**  
Ph: **1800 600 300**

## Domiciliary nursing agencies

- Government Funded Home Nursing – The Commonwealth Home Support Program (CHSP) provides funding to assist those in need of services to help them maintain independence and remain at home. Clients will usually be required to pay a co-payment of \$6–\$12 per visit.
- Fees and charges may vary and should be verified by the service provider.
- Most domiciliary nursing services charge around \$90 per hour if not covered by CHSP (*please check with your service provider as fees may vary*).
- A RAS assessment (Regional Assessment Service) will be required to access these services. An ACAT (Aged Care Assessment Team) assessment for approvals for a Home Care package may also be recommended. Please note there are long delays to access Home Care Packages.

CHSP services are limited and only essential services for a patients discharge can be accessed directly from hospital. Patients or Families can register for services directly by contacting **My Aged Care**. Ph: **1800 200 422** or visit: [www.myagedcare.gov.au](http://www.myagedcare.gov.au)

# Government subsidised domestic and social support

Please contact the relevant 'age related' service for all enquiries and new referrals.

*Waiting lists may apply and clients must meet certain criteria to be deemed CHSP eligible. Post-acute (eg. recovering from surgery) does not qualify for CHSP funding.*

**Please note:** you must contact My Aged Care to register before accessing these services.

## Allied health in the home

Installation of grab rails and other home modifications can be arranged after an assessment by an occupational therapist (OT). These assessments can be arranged through private or government-funded groups.

### Private occupational therapists/physiotherapists

- Most 'extras' cover on private health funds will cover a proportion of these costs.
- DVA gold cardholders are covered for physiotherapy and OT services (*one OT referral per year*).
- The benefit to using a private service is the immediate availability.

#### Alison Cowan

*(OT) (DVA Approved)*

Ph: **0418 738 752**

Fax: 07 3319 6585

#### Remedy Healthcare

*(OT and Physiotherapy) (DVA Approved)*

Ph: **1300 054 627**

Fax: 07 3356 2922

#### Able Home Therapy

*(OT) (DVA Approved)*

Ph: **1300 338 167**

Fax: 07 3888 7085

#### Mobile Rehab

*(OT and Physiotherapy) (DVA Approved)*

Ph: 07 **3856 5428**

Fax: 07 3856 5430

### Government-funded (CHSP) occupational therapists/physiotherapists

- The cost to clients of these CHSP funded occupational therapists varies between \$10–\$50. However waiting lists can be quite lengthy.
- Some community service providers have have an OT available through their organisations (*CHSP funded*).

Referrals can be made by yourself, your GP or a carer, through the **My Aged Care** centre. Ph: **1800 200 422** or visit: [www.myagedcare.gov.au](http://www.myagedcare.gov.au)

**My Aged Care** will then refer on to an available service.

## Home Assist Secure

- **Home Assist Secure** comes under the Department of Housing and Public Works and is a government subsidised service that carries out home maintenance, repairs and modifications for eligible clients (*OT report required for modifications such as grab rails, ramps etc*).
- The service is subsidised, the cost of any purchased goods will be charged to the client.

### Local area contacts

|                                               |                                                  |

# ACAT assessment

## Residential aged care placement and community care packages

- Aged Care Assessment Team (ACAT) assesses client eligibility for Government funded community aged care packages and residential aged care facilities on a permanent or residential respite basis.
- ACAT referrals can be arranged by the client, their family or carer, GP, service provider or residential facility, via **My Aged Care**.
- If a patient is to be placed directly from hospital into a Residential Aged Care Facility (RACF) the Community Liaison Manager will make the referral on your behalf.

Self-referrals can also be made through the **My Aged Care** centre.

Ph: **1800 200 422** or visit: [www.myagedcare.gov.au](http://www.myagedcare.gov.au)

## Commonwealth Carer Respite Centre

If you are a carer, the Commonwealth **Carer Respite Centre** can help with arranging emergency in-home or residential respite care. Contact them to register and to assist in an urgent situation. Ph: **1800 059 059**.

St Vincent's Private Hospital Northside's Community Liaison Managers can provide you with a comprehensive guide to residential aged care facilities and community services.

Consultancy groups, such as Health and Aged Assist (HAAA) or Caring Options can also be employed by the family to assist with the process. This is highly recommended and our Community Liaison Manager can provide contact details.

For all information about aged care visit: [www.agedcareguide.com.au](http://www.agedcareguide.com.au), or [www.myagedcare.gov.au](http://www.myagedcare.gov.au)

It is important to remember that when a patient no longer requires *acute* medical and nursing care, the hospital environment is no longer appropriate for meeting that person's emotional, social and physical needs.

A wide range of residential aged care facilities provide specialised care to meet the needs of such patients.

This type of environment is preferable to the acute ward areas where patients are at risk of falls, cross infection and where, no activities are available and the interactions and relationships between patients and staff have no relative permanency.

## Emergency Medical Response Unit/Personal Alarms

**Emergency Medical Alarm** (Kedron-Wavell RSL Sub Branch) supplied by Tunstall.  
Ph: **1300 732 423** (*you do not need to be an RSL member*).

- \$65 to install (*personal alert button and a monitor linked to the phone*).
- \$35 monthly fee (*direct debit*).
- \$60 for key safe (*this needs to be installed somewhere outside to enable access for emergency service*).

---

**Lifelink Telecare (Ferros):** Personal alarm systems, fall and inactivity monitoring sensors.

Ph: **1300 851 771**

---

**SafeTcare:** Medical alert devices and services with automatic fall detection, Australia wide coverage and GPS/Satellite tracking.

Ph: **1300 784 438**

[www.emsas.com.au](http://www.emsas.com.au)

---

**St John Lifelink:** Long-range units and sensor units available.

Ph: **1300 360 455**

---

**Vital Call:** Medical alert devices and services.

Ph: **1300 360 808**

# Palliative care

The World Health Organization defines palliative care as:

*“The active total care of patients at a time when their disease is no longer responsive to curative treatment, and when control of pain and other symptoms, and of psychological, social and spiritual problems is paramount.”*

Many aspects of palliative care are applicable earlier in the course of the illness when particular symptoms need to be controlled as well as later in the disease as death approaches. The timing of palliative care is the choice of the patient and varies from person to person.

Most terminally ill people want to spend as much time as possible in their own home surrounded by those they love. The goal of palliative care is to achieve the best possible quality of life for patients and their families and friends.

## Palliative care at home

There are several Palliative Care Programs (PCP) which may provide limited funding, to eligible clients. A referral is required to be completed by the doctor and services are individually assessed and usually limited to three months. The client must have a carer and their GP must be willing to participate in that person's care at home.

## Palliative Care Inpatient Units

Inpatient palliative care units offer short term care only.

If assessment shows that inpatient palliative care is no longer required, assistance will be given to return home or find suitable residential nursing care accommodation.

If known to a palliative care unit direct admission can occur during office hours otherwise admission after hours can be arranged via the emergency department.
