About St Vincent's Private Hospital Brisbane

Our hospital strives to create a healing and caring environment that is second to none.

St Vincent's Private Hospital Brisbane specialises in healthcare for people with chronic, complex and multiple health needs.

We have over 450 experienced and qualified medical, nursing, allied health and support staff working to deliver excellent care.

We are committed to providing compassionate and innovative care, enabling hope for those we serve.

Our care extends beyond our hospital walls. Reaching out into our community, we provide medical and nursing care to people at home.

We specialise in general medicine, geriatric medicine, pain management, palliative care and rehabilitation medicine.

Our hospital facilities

Facilities are purpose-built for our specific patient groups. Our hospital departments are expansive and carefully designed promoting healing and health.

The following facilities are available at St Vincent's Private Hospital Brisbane:

- 170 Beds
- Operating Theatre
- Queensland's Largest Inpatient Palliative Care Unit
- Purpose-built Gymnasium
- Occupational Therapy Complex
- Specialist Consulting Rooms
- Chapel
- Café
- Diagnostic Imaging provided by Queensland X-Ray
- Pharmacy provided by Slade Pharmacy

At St Vincent's Private Hospital Brisbane, we draw on the talents of our people and collaborate with others who share our vision and values to continue the pioneering spirit of Mary Aikenhead and the Sisters of Charity.

Pain Specialists

St Vincent's Private Hospital Brisbane is one of the largest providers of pain management services in South-East Queensland. We have been helping patients living with chronic pain conditions for more than 10 years, working closely with them and their loved ones to help them gain confidence and skills to manage their pain and achieve their goals.
